📍 Vietnam

Profile

Senior Backend Developer with 9+ years of remote development experience, specializing in Node.js, Nest.js, and PHP. Proven expertise in designing and scaling secure, high-performance APIs, optimizing relational and NoSQL databases, and building robust backend architectures for international teams. Adept in JavaScript/TypeScript, PHP frameworks (Laravel, Symfony), and automated testing, with strong focus on code quality, performance, and security.

Languages

English 

German 

Education

Bachelor's Degree

Ho Chi Minh City University of Technology
09/2011 – 03/2015

Interests

Reading, Football, Painting

Professional Experience

Senior Full Stack Developer

Nexxt Ideas

04/2022 – 08/2025 | Canada

- Designed and developed backend services with Node.js, Nest.js, and PHP (Laravel), powering multiple SaaS and e-commerce platforms.
- Built and maintained secure RESTful APIs, integrating with payment providers and third-party services.
- Optimized MySQL/PostgreSQL queries and schema design, cutting response times by 40%.
- Implemented advanced role-based access control and JWT authentication.
- Mentored junior developers and led code reviews, ensuring adherence to backend security best practices.

Full Stack Developer

Devot

09/2018 – 03/2022 | Croatia

- Developed backend applications in PHP (Symfony, Laravel) and Node.js, supporting e-commerce and enterprise clients.
- Improved database performance through query optimization and caching strategies.
- Automated unit and integration tests using PHPUnit and Jest, achieving 90%+ code coverage.
- Collaborated with international product teams on API-first architecture and cloud deployment strategies.

Software Engineer

Implex

05/2015 – 08/2018 | Poland

- Migrated monolithic legacy apps into modular PHP services, improving scalability and maintainability.
- Built server-side logic and middleware for custom enterprise solutions in Laravel.
- Integrated REST APIs with frontend applications and external vendors.
- Reduced system downtime by implementing CI/CD pipelines and robust testing.

Skills

Frontend

React, Next.js, TypeScript, JavaScript, Angular, Vue.js, MUI

Backend

PHP, Laravel, Symfony, Node.js, Nest.js, Express.js, Python

Database

PostgreSQL, MySQL, MongoDB, Firebase

Testing & QA

Lighthouse, BrowserStack, QA Scripts, Unit Testing

Workflow

Agile, Scrum, Jira, Slack

Performance Optimization

Core Web Vitals, Lazy Loading, SEO Best Practices
